

How to access the Circuit on-line service by phone. V3

A Zoom meeting has been created to allow you to access the Circuit on-line service by phone.

The service starts weekly at 10:30; the session opens from 10:15 so you can phone in early to greet other Zoom users and make sure you are connected.

Anyone can take part in this live act of worship from a mobile or landline. Just follow these simple steps:

Step 1: Dial 020 3481 5237 (alternative number 020 3481 5240) ***These numbers are charged at the standard national rate***

Step 2: When requested, enter the meeting ID (7429588134) followed by #

You don't need a 'participant ID' - just press #

The Zoom Host may mute your phone during the service to ensure that everybody can hear the service as clearly as possible. The service is designed to be viewed at a computer so there may be references to items you cannot see on the phone. It may help if you can obtain a printed order of service.

You can also join the meeting from your computer or smart phone by entering the meeting ID.

COST

Calls are charged at the standard national rate, but this may vary depending on your tariff. For example: it may be worth hanging up just before an hour and dialling in again, that way there should be no charge at all if using a landline with free local calls. It may be worth using your mobile phone if you have sufficient inclusive minutes on your plan, otherwise it is likely to be more expensive than a landline

Thank you to Julien Myles for facilitating this.
