

Worship Leader's Course

Interested in Training as a Worship Leader in your Church

Do you enjoy assisting in the leading of worship,
and would like to join some training sessions to become a Worship Leader?
Then join others for a three-session course, based on the requirements for Worship
Leader training in the Methodist Church and the North Kent Circuit.

Session 1: Worship: Foundations

This session provides an introduction to worship and worship leading, the elements of
worship and the basics of putting together an order of worship. We will explore the
role of the WL and the requirements for recognition in your church as a Worship Leader.

Session 2: Encountering God in Worship

This session will be based on Module 2 of Worship, Leading and Preaching.
It will offer an introduction to the Bible and its authority as the Word of God.

We will study examples of different types of prayer and how and where
they may be used in a service of worship.

Session 3: A Rainbow of themes and styles of Worship

Methodist worship embraces a wide range of styles of worship. It aims to be inclusive,
encouraging and enabling. We look at a miscellany of creative ideas and practical ways
to develop your gifts and skills to enable others to worship God in truth and love.
