### **Squares for blankets**

if you would like to knit 6" squares suitable for making into blankets, please bring them in for Lynne to pass on to a group who will stitch them all together and distribute them.

Any **colours** or patterns as long as they are 6" squares.

Finished blankets will go to the Kerry West Orphanage Project

### **OFFERINGS**

Thank you to all of you who have continued to make your offerings. It is much appreciated. If you have not already done so, please consider making your offering by standing order or BACS transfer if you are able to do this.

If you are only able to make your offering by cheque or cash, please continue to do so. If you Gift Aid your offering, please remember to include your number if you pay by cheque or cash. Sharon or Heather can tell you what your number is if you are not sure.

Dear Church Family

As I write we are entering creation season. A time when we are asked to consider the glorious creation and its creator God. We are of course asked to reflect on humanities stewardship, or lack of it. Our effect on His glorious creation.

We look to the summit meeting soon to discuss climate change. We pray they can come up with a solution to the problems we have caused. We pray that all nations will join in. But as we pray we know there are people still intent on domination and power with minds far from the plight of the Earth.

How our God must despair!. As He watches in horror as species after species are wiped out. Habitat and food sources snatched from the mouths of his creatures forcing them into extinction. His People flee for their lives as their environment is polluted or destroyed forcing them into homelessness and poverty.

This is not part of his plan – far from it. Yet despite the warnings, despite his plea humanity goes on in its own way.

O Lord I pray : Heal your creation. Help us, Guide us show us the way of restoration. Give us the powerful words to make the world listen and take action. Amen

I want to finish by sharing a letter that I found at the beginning of the Pandemic it speaks far better than I can:

God Bless

Lynne

## **The Earth Whispered but you did not hear**

The Earth spoke but you did not listen  
The Earth screamed but you turned her off.

And so I was born  
I was not born to punish you  
I was born to awaken you  
The Earth cried out for help  
Massive flooding  
But you didn't listen  
Terrifying Tornadoes  
But you didn't listen.

You still don't listen to the Earth  
When Ocean animals are dying  
Due to pollutants in the waters  
Glaciers are melting at an alarming rate  
Severe drought  
You didn't listen to how much  
Negativity the Earth is receiving  
Non stop wars  
Non stop greed.

You just kept going on with your life  
No matter how much hate there was  
No matter how many killings daily  
It was more important to get the latest iphone  
Than worry about what the Earth was trying to tell you.

But now I am here  
And I've made this world stop in its tracks  
I've made you finally listen  
I've made you take refuge  
I've made you stop thinking  
About materialistic things.

Now you are like Earth  
You are only worried about survival

How does that feel?

I give you fever, as fires burn the Earth  
I give you respiratory issues  
As pollution fills Earth's air  
I give you weakness  
As the Earth weakens every day

I took away your comforts - Your outings  
The things you would use to forget about  
The planet and the pain  
And I made the world stop and now

China has better air quality  
Skies are clear blue  
Factories are not spewing pollution into Earth's air  
The water in Venice is clean and Dolphins  
Are being seen because the Gondola boats  
That pollute the water are not being used.  
You are having to take time to reflect on  
What is important in your life,

Again I am not here to punish you  
I am here to awaken you  
When all this is over and I am gone  
Please remember these moments  
Listen to the Earth  
Listen to your soul  
Stop polluting the Earth  
Stop fighting about materialistic things  
And start loving your neighbours  
Start caring about the earth and all its creatures  
Start believing in the power of nature

Because next time I might come back even stronger
